**THANKS PRIVATE LAND OWNERS!**
We sincerely appreciate the private land owners who generously allow cross country ski trails on their land.

Grantee agrees to use reasonable efforts to keep the Grantee Parties on the trails within the Easements. In addition, Grantee shall educate Grantee Parties using the Easement on what is a Permitted Use on the Easement, what is not permitted, proper trail safety and etiquette to reduce use conflicts on the trail, reduce erosion and impacts to the environment and wildlife. Grantee further agrees that Grantee Parties shall be accompanied by Grantee's guides during use of the Year-Round Easement outside of the Winter Season. The next time Grantee prepares a new trail map reflecting the Easement, but no later than December 1, 2017, Grantee shall include a section on the trail map notifying all persons using the Easement that the Easement goes through private property and which provides examples of what is not permitted, e.g. cutting firewood, camping, hunting, building fires or interfering with Grantor or Grantor's guests.

Lone Mountain Ranch is operated in cooperation with the Gallatin National Forest
