Introducing Bison Lodge at Lone Mountain Ranch — the pinnacle of Western alpine living. Perched on a private ridge with sweeping views of Lone Mountain and the ranch below, this newly reimagined retreat spans 5,000 square feet indoors and 2,700 square feet of outdoor living spaces. Designed for families and groups seeking space, privacy, and a deep connection to nature, the lodge blends elevated mountain design with the warmth and soul of a true Montana home.

Accommodating up to 16 guests across six king bedrooms — including a dedicated Alaskan King bunk suite — and six full bathrooms, Bison Lodge balances generous gathering spaces with quiet corners for retreat. The great room frames dramatic Big Sky sunsets, while the open kitchen and 12-seat indoor dining table invite long, lingering meals. Outside, a second 12-seat dining table sits beside a wood-burning fireplace, ideal for crisp mountain evenings and long summer nights.

Two additional entertainment spaces — a vinyl listening lounge and a separate game room — set the tone for late-night moments. A flexible king bedroom can easily convert into an office, nursery, yoga room, or wedding-party prep suite.

Thoughtful comforts abound: five fireplaces throughout, spa-style bathrooms, a heated year-round private infinity pool and hot tub overlooking the mountains, and expansive decks made for sunrise coffee and stargazing. A private sauna and fire pit create spaces for evening unwinding, while the lodge's setting offers unmatched privacy and direct access to the ranch and the wild beyond.

Rooted in the spirit of the American West, Bison Lodge is a residential-style sanctuary for those who believe true luxury is found in nature, craftsmanship, and time spent together.
